Question 1 [C01] [10 Points]

“Zura” club has a membership renewal fee of BDT 5000. However, based on the age and the years of membership the club offers a discount on the renewal fee. The conditions for the discounts are as follows:

1. For members below the age of 18 and over the age of 40, they offer a discount of 10%.
2. For members aged between 18 and 40 with at least 5 years of membership the discount is 25% while those with less than 5 years of membership get the discount of 15%.
3. For members with less than 2 years of membership, there is no discount available.

You are tasked to **calculate the discount** and print the **amount of renewal fee** they have to pay to the gym. The members will provide you with their age and years of membership as input.

Sample Input	Sample Output
34 6	You get a discount of BDT 1250.0 You have to pay BDT 3750.0
42 1	You get a discount of BDT 0.0 You have to pay BDT 5000.0
